

NorthPeak Outdoor Gear - Customer Service Policy (v3.1, effective 2026-01-01)

R1.1 Returns - standard window

A return requested within 30 days of the delivery date, where the item is unworn and in original condition, **MUST** be granted a full refund to the original payment method. A return of a worn or damaged-by-customer item does **NOT** qualify for a refund under this rule.

R1.2 Returns - extended window

A return requested between 31 and 90 days after the delivery date **MUST** be offered store credit only. A full cash refund **MUST NOT** be offered in this window, even if the item is unworn.

R1.3 Returns - final sale

Items marked final sale are **NOT** eligible for return, refund, or store credit under any circumstances. Agents **MUST** decline final-sale return requests; no exceptions may be granted.

R1.4 Returns - expired

A return requested more than 90 days after the delivery date **MUST** be declined. Neither refund nor store credit may be offered.

R2.1 Shipping - delay

If an order is delivered more than 5 business days after the promised delivery date, the customer **MUST** be offered a shipping credit equal to the shipping fee paid (minimum \$10 credit). Delays of 5 business days or fewer do **NOT** qualify for compensation.

R2.2 Shipping - lost package

If a package is confirmed lost by the carrier, the customer **MUST** be offered a choice between a free replacement and a full refund. If the carrier has not confirmed the loss, the agent **MUST** first open a carrier trace and **MUST NOT** yet promise a refund or replacement.

R2.3 Shipping - damaged in transit

If an item arrives damaged in transit, the customer **MUST** be sent a free replacement and does **NOT** need to return the damaged item. A refund instead of a replacement is **NOT** the default remedy under this rule and requires the customer to explicitly decline a replacement.

R3.1 Cancellation - before shipment

An order cancelled before it has shipped **MUST** receive a full refund with no cancellation fee. Agents **MUST NOT** charge restocking or processing fees for pre-shipment cancellations.

R3.2 Cancellation - after shipment

An order cannot be cancelled once shipped. The request **MUST** be handled as a return under rules R1.1-R1.4 after delivery. Agents **MUST NOT** intercept or recall shipped packages.

R4.1 Warranty - manufacturing defect

A verified manufacturing defect reported within 1 year of the delivery date **MUST** be remedied with a free replacement of the same or equivalent product. Defects reported after 1 year are **NOT** covered.

R4.2 Warranty - misuse

Damage resulting from misuse, accident, or normal wear and tear is **NOT** covered by warranty. Such claims **MUST** be declined, though the agent **MAY** offer a one-time 15% discount code on a replacement purchase as goodwill.

R5.1 Billing - duplicate charge

A confirmed duplicate charge **MUST** be refunded immediately in full. If the duplicate is not yet confirmed in the billing system, the agent **MUST** open a billing investigation and reply within 2 business days; the agent **MUST NOT** deny the claim outright.

R5.2 Billing - price match

A price-match request MUST be honored only when made within 7 days of purchase AND the competitor is a listed authorized retailer. Requests outside 7 days, or citing non-authorized sellers or marketplace listings, MUST be declined.

R6 Escalation - high value or unclear

Any case where the disputed value exceeds \$200, or that does not clearly fall under rules R1-R5, MUST be escalated to a human senior agent. The system or agent MUST NOT resolve such cases autonomously, even if a lower-numbered rule appears to apply.

R7 Escalation - frequent returner

Any customer with 3 or more returns in the past 90 days MUST be flagged for manual review before any new return or refund is approved, even if the individual request would otherwise qualify under R1. The agent MUST NOT auto-approve the remedy; the reply should acknowledge the request and state it is under review.
